- **Kavya win is like cakewalk** ● All sections are supporting her
- Women folk fully supporting Kavya ● It is difficult for BRS & BJP to win the seat.
- Warangal became strong hold for Congress ● No address for BRS
- BJP show is very limited ● Kavya has in forefront in her campaign
- Women giving her grand welcome ● Villages showing mark of celebrations
- Not caring the scorching sun, party workers participating in campaign.
- There are no differences ● When party is strong, such type of allegations are common
- Congress don't want to lose these elections ● Being in power Congress intend to get victory in every seat
- Cleaver strategy of Kadiyam will make Congress to gain all seats ● Srihari raised on his own talent
- Srihari has no corruption allegations ● Srihari's strait-forwardness is boon to Kavya
- Kavya's victory shows the unity in Warangal Congress

Kavya Will Win The Warangal Parliament Seat

HYDERBAD,NETIDHATHRI:

Kavya's victory as Congress candidate from Warangal Parliamentary seat looks like a cakewalk. She has very good reputation as doctor and social worker added to her father Kadiyam Srihari known for his strong leadership qualities. Now there have been intensive discussions on Kavya victory. When Kavya name came into forefront, immediately expectations on her reached to high level. Her father Kadiyam Srihari has been playing key role in Warangal politics and has the name as timely and strong leader. He knows well the problems faced by the people of Warangal and he can show the solutions for the plights of the masses. This is the main reason for him to get the name as good political leader in all parties. Leaders belong to all parties always respects him by keeping aside their ideological differences. In whatever party he

joined, there he treated in respectful manner and gave him posts those suitable to his qualities. He not only commanded the district politics but also played a key role in the development of Warangal. Such standard political career of Kadiyam now became advantageous for his daughter Kavya who has been contesting in these elections. Since her childhood she participated in social service activities. As a doctor she has been giving relentless services to poor people. She always shows her affection and love for poor. In previous, people used to exhibit their indifference towards government treatments. When Kavya entered into this medical profession, she successfully transformed the opinion of people on government treatment and made them to attract towards it. As a teacher Kadiyam Srihari shaped the future generations. As a successful leader he has shown right path to youth. As responsible father he made his daughter to know well about social service and social responsibility. The training given by her father, shaped her as an efficient leader and able to attract the people with her good qualities. With the backing of strong national party Congress, support of leaders and with good family background the victory becomes like cakewalk for her in these elections.

In Warangal Parliamentary Constituency now only the name of Kavya is well known to everybody. Other leaders don't have either such reputation or strong leadership qualities. In Warangal politics Kadiyam Srihari is being treated as 'Bhishma'. Number leaders have grown under the shadow of Srihari. Kadiyam is nothing but a 'political school'. He has got well reputation and strength. Now in the state Congress is in power. Warangal has become strong hold for this party because the six guarantees given are successfully being implemented in the district. This caused to raise confidence among people on Congress Party. After coming to power under the leadership of Revanth Reddy, Congress party is giving a responsible and transparent rule to the state. This made the people to

extend their full support for this party. So as a party candidate Kavya receiving grand welcome from women where ever she went to participate in campaign. When ticket announced for Kavya, at a time political atmosphere totally changed in the district and leaders of other parties began to feel like oppressively sultry. Now all district level, regional level leaders are being working hard for the victory of Kavya. Victory is confirmed, but all of them have been trying to get thumping majority.

The response coming to Kavya causing other party leaders to fell in distress and they have been losing their hopes on their victory. Every where Kavya's swift actions and new techniques following in campaign making other party leaders to fell in dilemma and making them unable to come to one conclusion on how to resist her in these elections. BRS lost its strong hold in the district which treated as strong fort for it. In previous elections BRS lost number of MLA seats to Congress. Now Congress occupied the once BRS position and keeping its strength in the district. After ten years in opposition, Congress now gained advantageous position in the district. This will facilitate Kavya to win the elections very easily. Now all Assembly segments in Warangal are now in the hands of Congress party. That is why Kavya victory is confirmed. When we come to BJP, it has no potential voters in the districts. So we can't take this party as strong rival. Being National Party it has been contesting the seat. That's all! It has either strong leaders or party workers in the district.

At National level also Congress is showing very good performance. During the ten years rule BJP squeezed the people with high prices for all types' commodities. Immediately after coming to power BJP Government raised the petrol and diesel prices. Majority projects now present in the country were built by Congress only. Devadula project which treated as life line for North Telangana had the key role of Kadiyam Srihari. Since Independence Congress party gave its services to people in all fronts of life. During the ten years of rule of BJP, people have fed up with its policies and decided to send it back to 'political garage'. The advent of Congress only can transform the state and country into green carpet. Medical and farming sectors will show remarkable growth. It will provide food to poor. Hegemony

caused by the people supported by BJP will exploit the poor. Such issues turn into advantageous for Congress Party.

Kavya has grown in the support and guidance of her father Kadiyam Srihari, developed serving nature in inherent manner. She very much likes the poor and always ready to serve them. Kavya now adopted two children belong to inavolu who lost their both parents. This is the best example of her kindly nature towards destitute. Now she stood in support of these two children and wanting to give them better future. People of Warangal know well the service activities done by Kavya. That is why they are positively responding towards her. Now Kavya victory confirmed but how much majority she will get is the question.
